

Briar Ridge

Varietal Range

2021 'The Jezebel' Moscato

When we discovered Mount View, our little piece of the Hunter Valley, it was home. The wines we create are a combination of hard work, rich soil & unique characters. This is our world. This is our wine. And you'll find it off the beaten track & over the hill

ABOUT US

Briar Ridge is the largest holder of vineyards in the Mount View region. Many of our vines have been growing for 45 years, providing us with fruit of outstanding quality and unique character thanks to Mount View's location in an unmatched part of the Hunter Valley.

The combination of soil, aspect and the microclimate are what make the difference – giving our wines delicious flavours and characters unlike any other.

In addition to our Mount View vineyards, we have roots in other distinctive Australian wine growing regions – Orange in New South Wales and Wratttonbully in South Australia. The beauty of this is that we're able to be flexible – creating a diverse range of regional wine styles for our loyal members and friends – and their palates.

TASTING NOTES

Moscato is a vibrant wine style displaying fresh and fruity aromas full of strawberries and musk. The effervescent palate creates a lively wine that is best enjoyed chilled with food or on its own.

CELLARING:

Serve well chilled - an early drinking style to enjoy in its youth.

Relax and share with friends in the sunshine!

ALC/VOL: 7.6% | STD DRINKS: 4.5 | BOTTLED: December 2019
